Pōpokotea colouring in

Pōpokotea are endemic to New Zealand, they are about 15cm in length and were extinct in the Northland region for over 100 years. Between 2015 & 2016 Project Island Song released 120 Pōpokotea onto Motuarohia, Moturua, and Urupukapuka.

Project Island Song is a pest-free wildlife sanctuary in the Bay of Islands. To find out more and how you can get involved with Project Island Song visit:
